

Be Connected for Success

Hi <Firstname> I'm calling you back. <Firstname> a little while ago (*looks like back in September; a couple of weeks ago, etc.*) you asked for more information on working from home, and I'm looking for a couple of people... to work with me in my business, and I'm calling to see if you're still interested.

***I'm not interested in that anymore I found a job.***

That's great, I'm glad you found a job, but what did you see on the internet ad that made you think you could work from home?

***Well, mostly the flexibility and that I could set my own hours and the unlimited income.***

You know <Firstname> that is something you could still have!

***That's ok, I really don't have any time to do anything else right now.***

I totally understand that. But can I just ask you something? ***Yeah, what?***

I'm sure you have a really good job, but what if your boss came up to you tomorrow and said, "<Firstname> we're really busy now for the next couple of months. I was wondering if you would be willing to stay an extra half hour every night to help us get caught up. And I will double your pay." And I don't know how much you're bringing home every week, but if your boss said that to you, would you do it? ***Yes, of course!***

Well, that's what I'm talking about! <Firstname> a half hour is a half hour, whether you're working an extra half hour for your boss or you're working a half hour at home. What if you could double your paycheck by working an extra half hour from home? ***Well, I don't know.***

<Firstname> Have you ever worked from home or done any Networking before...

***(And then follow with the former Networker script)***

You can build a successful business in 30 minutes a day if you're doing the right things during that time, especially when you're contacting former networkers who will see the value of our program. Using the scripts that are proven to get results, similar to this one, allows you to call 3-4 people per day and simply invite them to the websites, a conference call, or a 3-way call with one of the experienced upline experts. Let the tools do the work for you!

If everyone you enrolled committed to 30 minutes a day, your time will be leveraged and you can become successful. This is pure networking!

Remember, it's a system of duplication!
